Supplement Facts: (Continued on Back)

➔ Orovo Advanced Weight Loss

Diet pills are the fastest growing segment of the dietary supplement industry today. Considering more than 60% of the population in the U.S. are considered overweight or obese, obesity has become a major health issue affecting a broad range of people in the U.S. Unfortunately losing weight is a difficult task, one that numerous people have not been able to accomplish. This is because being overweight is more than just gaining fat or weight, it is a very complicated sickness. People can become overweight in many different ways- Intaking too many calories, fats, sugars or carbohydrate. As well as Depression, hormone imbalance, lack of exercise, low metabolism, low energy, water retention and countless more. After many years of research and study, Orovo finally had a breakthrough, formulating the ultimate diet pill to work with all body types to solve all weight loss challenges. With 104 carefully chosen ingredients, *Orovo Advanced Weight Loss* not only targets weight loss but overall health as well.

➔ What Makes Orovo Advanced Weight Loss Superior

Orovo Advanced Weight Loss is not just targeted towards weight loss but also to upgrading your overall health while you are on your diet. There are so many horror stories of diet pills with negative side effects. Now with *Orovo Advanced Weight Loss* you can enjoy great health and weight loss at simultaneously.

>> CLA is an effective nutritional supplement that prevents lipase enzymes from processing fat. It also increases the amount of lean muscle mass in the body, enabling you to burn more calories.

>> Synephrine helps to increase the fat metabolic rate without affecting heart rate or blood pressure.

>> Super CitriMax® is an all-natural, safe and effective fruit extract. Extracted from the South Asian fruit Garcinia cambogia, Super CitriMax® contains standardized levels of hydroxycitric acid (HCA), which has been clinically shown to suppress appetite and inhibit fat production without stimulating the central nervous system. This ingredient is known to help reduce body weight and BMI, by inhibiting fat production while burning fat.

>> Salvia - Salvia extract has shown to increase cAMP levels and enhance lean body mass, lipolysis and weight loss. Also, studies have shown that salvia also aids in suppressing hunger.
